

Important Dates

Full-paper submission:	10th Dec, 2011
Notification of acceptance:	20th Dec, 2011
Camera-ready paper submission:	25th Dec, 2011
Registration for Conference & Workshop:	25th Dec, 2011

Registration

PG Students	₹ 2,000/-
Researchers/Faculty	₹ 2,500/-
Corporate persons	₹ 3,000/-
Non-Authors	₹ 500/-
Workshop	₹ 1,000/-

The registration fee is valid for only one paper. The author registration fee includes a copy of conference proceedings, participation in all sessions including lunch.

Tentative Schedule

5th Jan,2012	Registration Inaugural, Keynote Address & Regular sessions.
6th Jan,2012	Invited Talks, Regular Sessions & Valedictory
7th Jan,2012	Workshop Inaugural & sessions
8th Jan,2012	Workshop sessions & Valedictory.

Accommodation

For details of accommodation kindly visit the conference website.

About SRKIT

SRK Institute of Technology is a professional college affiliated to JNT University, Kakinada. It was established in the year 2007 under the aegis of SRK Foundation with the objective of providing quality engineering & management education. The college is fully established & with in a short span of time the institute has grown impressively winning widespread recognition from industries, academic & professional bodies.

About CSE & MCA departments

Dr. D.Haritha, Ph.D is an academician of international repute heads the departments of CSE & MCA. The departments consist of well qualified and trained faculty members involved in several research activities. The departments have well equipped laboratories with latest softwares and IBM Blade Servers.

ICNCS '12 is an initiative from the departments to widen the horizons of research, to improve scientific dialogues and information interchange. The event is followed by a 2-day workshop that emphasizes on the implementation of the Ideas related to same domain.

About Workshop

Workshop on Ethical Hacking & Cyber Forensics is being conducted by Virscent Technologies Pvt. Ltd. in association with E-Cell IIT Kharagpur and Education Project Council of India. This workshop will provide live demonstrations of latest techniques in Networks & Cyber Security like Mobile & VoIP Hacking, Attacks in various Networks, Malwares & their countermeasures.

International Conference on Networks & Cyber Security 2012

You are cordially invited to participate in the 1st International Conference on Networks and Cyber Security 2012.

Scientific Objectives

The conference objective is to provide an international forum for the dissemination and exchange of technical information. It aims to bring together researchers from academic institutions and developers from industries to focus on understanding the modern security threats and countermeasures and establishing the new collaborations in the security areas. This conference paves the way for budding researchers to identify the latest problems of research in the areas of network security and cyber security.

Call for contributions

The participants are encouraged to submit their innovative ideas, research results, thesis work and industrial experiences in the areas of Networks, Systems and Cyber Security.

- Only full length papers will be accepted.
- Maximum of three authors per paper
- Paper should be submitted in IEEE format made available in the conference website.
- The paper may contain maximum of 6 pages. Additional fee is to be paid for extra pages.

Please mail all the full-papers to
conferences.cse.srkit@gmail.com

Key Areas

The topics include but are not confined to

- Access control and Authentication
- Anti-phishing, Anti-spam, Anti-fraud Techniques
- Anti-malware Techniques
- Cryptographic Protocols
- Computer and Network Forensics
- Distributed and Pervasive Systems Security
- Multimedia and Document Security
- Security in Cloud Computing and Grid Computing
- Security in Social Networks
- Security of Web-based Applications and Services
- Security in Enterprise Systems
- Security Policies and Legal Issues.

For more topics visit our conference website :

www.icnscs.srkit.in

Conference Proceedings

All the accepted papers will be published at no extra cost as a special issue in **International Journal on Network Protocols and Algorithms**, a peer reviewed online journal published by Macrothink Institute, Las Vegas, USA with ISSN for each accepted paper. For more details, visit www.macrothink.org

The proceedings will be made available as hardcopy and a CD .

Conference Location

SRKIT is located in Vijayawada on NH5 and is well connected with all parts of state through road / rail / airways. Nearest airport is at Gannavaram, 9km from the college.
